

LAURA

Laura is educated to degree level and holds a BSc. (Hons) in Biomedical Sciences from the University of Manchester. She completed her PGCE at Manchester Metropolitan University and holds a teaching post in Science in a Greater Manchester school and has worked across Key Stages 3-5 in her specialism (Biology). In addition, Laura has a wealth of knowledge and experience of both Chemistry and Physics to GCSE level and a comprehensive, working knowledge of the new specification and grading system in her subject, enabling her to prepare her students well for their exams. As a private tutor, Laura has a successful track record tutoring across both Science and Maths. A creative teacher, Laura enjoys making resources to fit the needs of her learners, tailoring her teaching to suit students' learning styles and ability. She is always prepared to go the extra mile for her students and enjoys seeing them progress towards their goals.
